

ANALOG PLC I/O

VIDEO TRAINING

InterConnecting Automation Inc.

ICA

HANDS-ON VIDEO TRAINER by Doug Bell

Learn Analog in and out with a PLC Analog I/O Training Kit!

Training Kit includes two 2-hour analog training videos, firmware upgrade instructional video (Closed Captioned in Spanish), a pre-wired analog trainer and DL05 analog I/O module and manual. This unit is a "plug-and-play" add-on to the DL05 PLC Trainer or any existing DL05 PLC.

PLC Pre-wired Analog I/O Trainer:

- Two 0-10VDC meters
- Two 0-5VDC potentiometers
- 24VDC wall-mount power supply
- DL05 analog combo module, plus pre-wired cable from the trainer to the module, ready to plug into your DL05 PLC Trainer or any existing DL05 PLC

"Doug Bell's nationwide PLC training courses have been attended by thousands of PLC users of all experience levels. Doug brings his energetic teaching style to the topic of analog signals and their use in PLC systems."

Video Trainer from:

InterConnecting Automation Inc.

PLC Analog I/O Training Video Set covers:

- Analog I/O principles - voltage, current, thermocouple
- PLC analog modules - input, output, thermocouple
- Configuring the analog I/O modules in the PLC
- DL05 PLC Analog - tutorial includes configuration, wiring, scaling (standard and non-standard) and programming, using the potentiometers and voltmeters on the trainer unit
- DL205 and DL405 PLC Analog - addressing, pointer and multiplexer reading
- Application programming examples, including controlling motor speed with a drive and an analog output card in a PLC

Note: The Analog Training Kit works in conjunction with the basic PLC Video Training Kit, available from ICA for \$489, or any existing DL05 PLC.
